U. S. Department of Agriculture

1954-5 EDITION

VANDAS

- 400 V. BURGEFFII** (*Sanderiana*, white x *suavis*, *Sumner's* var.). A new edition of this well-known cross, made with outstanding parents. Large flat flowers, pale pink background, spotted and veined on the lower half of the flower.
Thumb pots \$1.00
- 492 V. AMOENA** (*Roxburghii* x *coerulea*). A dwarf growing hybrid with medium size flowers of clear blue color.
Blooming Size \$12.50 to \$20.00
- 535 V. BETSY SUMNER** (*Faustii* No. 2 x *Sanderiana*). Large flat flowers of excellent shape, ranging in color from pink to deep rose red.
Thumb pots \$1.00, 2" \$2.00, 3" \$3.00
- 536 V. TRIMERRILL** (*tricolor*, *Patersonii* x *Merrillii*). The Chinese lacquer orchid. Medium size reddish brown flowers with lacquer red edging, borne in clusters. very fragrant and free-blooming.
3" \$3.00, 5" \$5.00
Blooming Size \$7.50 to \$15.00
- 540 V. HERZIANA** (*suavis* x *coerulea*). Probably the most popular vanda hybrid with beginners. Extremely free-blooming and easy to take care of. Through the use of superior parents, we produced a type of far better shape and color than the original *V. Herziana*.
3" \$3.00, 5" \$5.00
Blooming Size \$7.50 to \$17.50
- 624 V. WETTSTEINII** (*Burgeffii* x *coerulea*). A strong growing hybrid in various shades of blue.
Blooming Size \$10.00 to \$20.00
- 633 V. KILOHANA** (*Manila* x *Rothschildiana*). Produces flat, good size flowers ranging in color from rose pink to blue.
3" \$3.00, 5" \$5.00
Blooming Size \$7.50 to \$15.00
- 645 V. LEAHI** (*Burgeffii* x *Dearei*). A large flat flower, creamy pink background with brown spotting.
3" \$3.00, 5" \$5.00
Blooming Size \$7.50 to \$15.00
- 676 V. OHUOHU x SANDERIANA**. Being almost completely *Sanderiana*, this cross produces flowers strongly resembling the *Sanderiana*. There is, however, a considerable range in color, with the rosy-brown hues predominating.
Thumb Pots \$1.00, 2" \$2.00

678 RENANTANDA ORANJE BOVEN (*Renanthera Storiei* x *V. tricolor*). The flowers are larger and better proportioned than *Renanthera Storiei*, borne on strong branching sprays. The color is blood-red, spotted.

5" \$5.00, Blooming Size \$7.50 to \$17.50

28 RENANTANDA JACK WARNE (*Sanderiana* x *Renanthera Storiei*). A striking flower of blood-red color, borne on large branching spikes.

2" \$2.00

697 V. CAROLINE ROBINSON, var. GREY LADY x MONACENSIS. The purpose of this cross was to produce medium size flowers, with the silver-grey background of the "Grey Lady", accentuated by the brilliant red of *V. Monacensis*.

1½" \$1.00, 2" \$2.00, 3" \$3.00

702 V. ULULANI (*tricolor*, *planilabris* x *purpurea*). A medium size flower resembling *V. tricolor* in shape, but showing much of the red of *V. purpurea*.

3" \$3.00, 5" \$5.00

Blooming Size \$7.50 to \$12.50

754 V. MEM. T. IWASAKI (*tricolor*, *planilabris* x *Dearei*). A very successful effort to improve the old type *Mem. Iwasaki*. The color is a beautiful chestnut brown over a creamy background. The shape is considerably improved.

3" \$3.00, 5" \$5.00

Blooming Size \$7.50 to \$15.00

767 V. HALELENA (*Burgeffii* x *Trisum*). The combination of *Vanda Sanderiana*, *Sumatrana*, *tricolor* and *suavis* resulted in a very variable hybrid producing good sprays, ranging in color from pink to greenish-brown.

3" \$3.00, 5" \$5.00

Blooming Size \$7.50 to \$15.00

793 V. COERULEA x AMOENA. An attempt to produce a flower having all the good points of *coerulea*, but blooming several times a year.

1½" \$1.00

816 V. WALTER FUJIKAMI (*Manila* x *coerulea*). A very interesting combination producing good flowers in many shades of blue.

3" \$3.00, 5" \$5.00

Blooming Size \$7.50 to \$15.00

835 V. MERRILLII x V. MANILA Produces medium size flowers with lacquer red edges over a rosy-brown background. Very fragrant.

2" \$2.00, 3" \$3.00, 5" \$5.00

Blooming Size \$7.50 to \$12.50

- 846 V. HENRIETTA HO** (*Sanderiana* x *Sumatrana*). Very fragrant, large flat flowers with brown markings over a greenish-yellow background. 2" \$2.00, 3" \$3.00, 5" \$5.00
Blooming Size \$10.00 to \$20.00
- 880 V. SUMAREI** (*Dearei* x *Sumatrana*). One of the strongest growing hybrids, producing panicles of coffee-brown flowers of good size, very fragrant and free-blooming.
Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00
5" \$5.00, Blooming Size \$7.50 to \$15.00
- 883 V. CORINNE** (*Dearei* x *Manila*). Flat flowers of good size, peach-pink ground color with darker markings, fragrant and free-blooming. 2" \$2.00, 3" \$3.00, 5" \$5.00
Blooming Size \$7.50 to \$15.00
- 886 V. ELLEN NOA** (*Sanderiana* x *Dearei*). Large flowers of excellent shape with a color range from cream to tan. Very fragrant. 2" \$2.00, 3" 3.00, 5" \$5.00
Blooming Size \$12.50 to \$20.00
- 896 V. MARY L. MIDKIFF** (*Monacensis* x *Manila*). Large clusters of good size flowers. Pink background with heavy red markings.
Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00
5" \$5.00, 8" \$10.00
- 897 V. OSCAR KIRSCH** (*Monacensis* x *Sanderiana*). A fine large flower of good shape. Pronounced red markings over a rose-colored background. Very good bloomer.
Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00
5" \$5.00, 8" \$10.00
Flowering Size Plants \$15.00 to \$25.00
- 898 V. JOAN SWEARINGEN** (*Rothschildiana* x *Luzonica*). A very free-blooming hybrid, ranging from pink through rose to blue. 2" \$2.00, 3" \$3.00, 5" \$5.00
Blooming Size \$10.00 to \$15.00
- 904 V. ONOMEA** (*Sanderiana* x *Rothschildiana*). Flat flowers of good size, mostly blue with some very striking rose-red types. 3" \$3.00, 5" \$5.00
- 908 V. ROTHSCILDIANA** (*Sanderiana* x *coerulea*). A particularly well-shaped dark colored combination of this old favorite. Very early blooming. 2" \$2.00, 3" \$3.00, 5" \$5.00

910 V. HELEN PAOA (*Emily Notley* x *Sanderiana*). A large size flower of fine shape with a color range from greenish-grey to brown.
2" \$2.00, 3" \$3.00, 5" \$5.00
8" \$10.00

912 RENANTANDA MAUNALANI (*V. Sanderiana* x *Renantanda Monalisa*). A very exceptional cross in a dwarf growing plant with good size sprays of beautiful rose-pink flowers.
5" \$7.50, Flowering Size \$15.00 to \$20.00

914 V. JACK WALKER (*Mary Foster* x *Ohuohu*). A very happy combination. The large, beautifully shaped flower of *Ohuohu* adorned with the beautiful lacquer red edge of *Mary Foster*.
Thumb Pots \$1.00, 2" \$2.00,
3" \$3.00, 5" \$5.00

916 V. MOANA (*Monacensis* x *Rothschildiana*). A very strong growing plant, producing large clusters of raspberry red to blue flowers.
3" \$3.00, 5" \$5.00
Blooming Size \$15.00 to \$20.00

917 V. NØRVELL GILLESPIE (*Monacensis* x *coerulea*). A free and early bloomer with a color range from rose to blue.
3" \$3.00, 5" \$5.00
Blooming Size \$15.00 to \$20.00

919 V. OHUOHU x COERULEA. A large flat flower, blue with darker veins.
2" \$2.00, 3" \$3.00

920 V. MICHAEL BEAUMONT (*Clara Shipman Fisher* x *Roeblingiana*). An interesting dwarf growing hybrid, producing medium size flowers of golden bronze.
2" \$2.00, 3" \$3.00, 5" \$5.00
Blooming Size \$10.00 to \$15.00

923 V. GILBERT TRIBOULET x COERULEA. A free-blooming blue of a more intense color than *Gilbert Triboulet*.
2" \$2.00, 3" \$3.00, 5" \$5.00

928 V. CAROLINE ROBINSON (Brown) x CLARA SHIPMAN FISHER (Brown). Will produce a medium size brown flower, well shaped and of excellent keeping qualities.
Thumb Pots \$1.00, 2" \$2.00
3" \$3.00, 5" \$5.00

938 OHUOHU x ELLEN NOA. A large flat, very well shaped flower with brown markings over a lighter background.
Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00

- 941 V. GERTRUDE MIYAMOTO** (*Mem. G. Tanaka* x *Sanderiana*). Has produced some large well-shaped flowers ranging in color from chartreuse green to tan, with darker markings.
Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00
- 943 V. EISENHOWER** (*Ellen Noa* x *Sanderiana*). Large well-shaped flowers of a beautiful rosy-brown color.
2" \$2.00, 3" \$3.00, 5" \$5.00
- 944 V. SANDERIANA x BETSY SUMNER.** This back cross was made in the hope of achieving a hybrid resembling *V. Sanderiana*, and blooming several times a year. 3" \$3.00
- 949 V. ROSE DAVIS** (*Rothschildiana* x *coerulea*). A new edition of this fine blue hybrid made with especially selected stock suitable for areas ordinarily too warm for *V. coerulea*.
Thumb Pots \$1.00, 2" \$2.00
3" \$3.00, 5" \$5.00
- 950 V. MONACENSIS x SELF.** By selfing this unusual hybrid we expect to produce a wide range of rose-colored and bluish types.
2" \$2.00
- 972 V. DENIZONICA x MONACENSIS.** Very strong growing plant, expected to produce medium size flowers with heavy red markings over a creamy-pink background.
Thumb Pots \$1.00, 2" \$2.00
3" \$3.00, 5" \$5.00
- V. TRICOLOR NO. 616** (var. *Patersonii* x var. *planilabris*). Better shaped than the average *tricolor*. Cinnamon brown blotches over a golden brown background.
Blooming Size \$7.50 to \$10.00
Offshoots \$5.00
Specimen Plants Up To 60" \$20.00 to \$35.00
- V. TRICOLOR, PATERSONII.** A very fine type of *tricolor*, dark chestnut brown.
Blooming Size \$15.00, Offshoots \$5.00
- V. TRICOLOR, PLANILABRIS.** Cinnamon brown blotches over a yellow background. Petals curve inward.
Blooming Size \$10.00, Offshoots \$5.00
- V. SUAVIS.** One of the best known species. Lilac-colored spots over a creamy background. Very fragrant, good bloomer.
Blooming Size \$10.00, Offshoots \$5.00
Specimen Plants \$25.00 to \$30.00
- V. SUAVIS** (*Mrs. Bishop's variety*). A very superior type of *suavis*, larger and of very fine shape.
Blooming Size \$20.00, Offshoots \$10.00

- V. LUZONICA.** One of the very few white *vandas*, heavily marked with crimson blotches edging sepals and petals.
Blooming Size \$7.50 Up, Offshoots \$5.00
- V. MERRILLII.** Clusters of dainty flowers, lacquer red over a golden yellow background, intensely fragrant, strong grower.
Blooming Size \$10.00 to \$20.00
Offshoots \$5.00
- V. PUNA** (*Tatzeri*, *Shipman's* x *Luzonica*). A profuse bloomer, producing clusters of white flowers, spotted with crimson.
Blooming Size \$7.50 Up, Offshoots \$5.00
Specimen Plants \$25.00 to \$30.00
- V. TRISUM** (*tricolor* x *Sumatrana*). Very free-blooming, medium size, chocolate brown markings over a golden brown background. White column, reddish brown lip.
Blooming Size \$7.50 Up, Offshoots \$5.00
Specimen Plants \$20.00 to \$30.00
- V. VIRGINIA SHIPMAN BIEHL** (*Sumatrana* x *Merrillii*). Medium size flowers, lacquer red over a bronze background. Fragrant, blooming the year around.
Blooming Size \$7.50 Up, Offshoots \$5.00
- V. ADMIRAL RADFORD** (*Halbingeri* x *Merrillii*). A golden brown flower with reddish markings, fragrant, good bloomer.
Blooming Size \$10.00 Up, Offshoots \$5.00
- V. BOSCHII** (*tricolor* x *Luzonica*). Heavy clusters of white flowers spotted with crimson. Very strong growing.
Blooming Size \$7.50 to \$15.00
Offshoots \$5.00
Specimen Plants \$20.00 to \$30.00
- V. LOKE** (*Luzonica* x *lamellata*, *Boxallii*). A dwarf growing plant, producing clusters of white flowers, with lilac red blotches on the lower sepals.
Blooming Size \$12.50, Offshoots \$5.00
- V. KAPOHO** (*tricolor* x *lamellata*, *Boxallii*). A good growing plant, producing nice sprays of miniature flowers in brown and yellow shades.
Offshoots \$5.00
- V. CAROLINE ROBINSON** (*tricolor* x *Roxburghii*). Medium size flowers of good shape and texture, ranging from grey to brown, lip either blue or rose-colored. Very popular for floral work.
Blooming Size \$10.00 to \$20.00
Offshoots \$5.00

- V. DENIZONICA** (*Denisoniana* x *Luzonica*). A medium size flower of good shape, rose pink veining, over a creamy white background.
Blooming Size \$12.50 to \$20.00
Offshoots \$5.00

OTHER VANDACEOUS PLANTS

- VANDOPSIS LISSOCHILOIDES.** Commonly known as *Vanda Batemanii*. One of the strongest growing members of the *Vanda* family. Produces long sprays of very heavy-textured flowers, yellow background, lilac-colored spots. Blooms from May to October.
Heavy Specimen Plants \$20.00 to \$35.00
Offshoots \$5.00 to \$10.00

- ASCOCENTRUM (SACCOLABIUM) CURVIFOLIUM.** A dwarf, 6 to 10 inches high, produces sprays of brilliant red flowers.
Blooming Size \$7.50

- ASCOCENTRUM (SACCOLABIUM) AMPULLACEUM.** Growth habit as the preceding. Flowers violet-purple. Blooming Size \$7.50

- ASCOCENTRUM (SACCOLABIUM) MINIATUM.** Growth habit as above. Flowers bright orange. Blooming Size \$7.50

- AERIDES FALCATUM.** A vigorous growing plant producing many clusters of white flowers with rose pink spotting. Blooming Size \$10.00

- AERIDES LAWRENCEAE.** A vigorous growing plant producing clusters of waxy white flowers with purple spots on the tips of the petals.
Blooming Size \$10.00 Up, Offshoots \$5.00

- AERIDES VANDARUM.** An interesting species of very dainty growth, producing long spurred star-shaped flowers. A collector's item.
Cuttings \$2.50 Each

- SACCOLABIUM GIGANTEUM.** A very robust growing plant with fleshy leaves, flower spikes about 10" long, white flowers with rose-colored spots. Blooming Size \$15.00

- ARANDA HILDA GALISTAN** (*Arachnis Hooke-riana* x *V. suavis*). A very free blooming hybrid producing spider-like flowers of yellow base color with brownish purple spotting.
Blooming Size \$7.50, Offshoots \$5.00

ARANDA QUEEN OF PURPLES (*Arachnis Hookeriana* x *V. coerulea*). Produces long sprays of blue spider-like flowers, very striking buttonhole flower.

Blooming Size \$15.00, Offshoots \$7.50

ARANDA DR. ARTHUR DEAN (*V. tricolor* x *Arachnis flos-aeris*). Good size, greenish, spider-like flowers with rose brown markings. Camphorwood like fragrance.

Blooming Size \$15.00, Offshoots \$5.00

RENANTANDA NAGROK (*Renanthera Storiei* x *V. Luzonica*). A very strong growing plant, producing large branching sprays of flowers from rose to red in color.

Blooming Size \$15.00, Offshoots \$5.00

SEMI-TERETE VANDAS

V. PRIDE O'LANKA (*Burgeffii* x *Miss Joaquim*). Vigorous grower, rose-colored blooms.

Cuttings \$2.00 Each

V. MISS VAN DEUN (*teres* x *Miss Joaquim*, *Atherton's* variety). Flowers larger and deeper colored than either parent. Blooms very early.

Cuttings \$2.00 Each

V. TERES ALBA. A pure white form of *V. teres*, free blooming, quite rare.

Cuttings \$2.50 Each

V. TRICUSPITATA. A slender growing rare species, bearing flat pink flowers. The name refers to the peculiarly shaped lip.

Cuttings \$2.00 Each

V. MISS JOAQUIM (*teres* x *Hookeriana*). The well-known Hawaiian "baby" orchid.

18" Cuttings \$25.00 per hundred

V. MISS JOAQUIM (*Manoa* variety). A very much improved edition of the above, with much larger flowers of superior shape and color.

Cuttings \$2.50 Each

V. ANDRES SEGOVIA (*tricuspitata* x *Miss Joaquim*, *Atherton's* variety). A very robust hybrid, producing fine clusters of well shaped rose colored blooms.

Blooming Size Plants \$15.00 Up
Offshoots \$5.00, 3" Cuttings \$2.50

V. AMY (*Hookeriana* x *tricuspitata*). A dainty little hybrid, flowers larger and darker than *tricuspitata*.

Cuttings \$5.00

- V. ANN KIRSCH** (*Kimballiana* x *Hookeriana*). The flowers are an enlarged edition of *V. Kimballiana*, borne by plants much stronger than either parent. Recommended for warm locations where *Kimballiana* won't succeed.
Cuttings \$2.00 Each
- V. COBBER CAIN** (*Spathulata* x *Miss Joaquim*). One of the few truly yellow vanda hybrids. The flowers are small but very attractive. Excellent buttonhole flowers.
Cuttings \$2.00 Each
- V. NOEL** (*Monacensis* x *Miss Joaquim*, *Atherton's* var.). A very robust hybrid, producing fine clusters of well shaped rose-colored blooms.
Blooming Size \$15.00 to \$20.00
Offshoots \$5.00, 3" Seedlings \$2.50
- V. BETTY WRIGHT** (*Burgeffii* x *teres*). A strong growing, easy blooming hybrid producing large rose pink flowers.
Cuttings \$5.00 Each
- V. MEVROUW L. VELTHUIS** (*Sanderiana* x *Miss Joaquim*). A very much improved version of this well known hybrid. The perfectly shaped deep rose flowers are produced several times a year. We have flowered plants as short as one foot high.
Cuttings From \$5.00 to \$15.00
- V. NORA POTTER** (*Velthuis* x *coerulea*). The only seedling produced by *V. Velthuis*. A plantaploid, producing enormous flowers of superb substance. The color is rose with a blue flush.
Established Cuttings \$10.00 to \$25.00
- AERIDO-VANDA MUNDYI** (*Aerides vandarum* x *V. teres*). A very dainty hybrid, producing a profusion of pink long-spurred flowers.
Cuttings \$2.00 Each
- AERIDO-VANDA ORION** (*Aerides crassifolium* x *V. teres, gigantea*). A strong growing hybrid bearing long sprays of large rose pink flowers. Keeps in bloom for a long time.
Cuttings \$2.50 Each

DENDROBIUMS

- D. WIGANIANUM** (*nobile* x *Hildebrandtii*). A very free-blooming hybrid which succeeds where *D. nobile* won't bloom. The flowers borne in profusion are pink over a white background, with a golden yellow throat.
Blooming Size \$3.50 to \$5.00
- D. WAIOLI** (*aureum* x *Endocharis*). A very willing bloomer, producing flowers ranging from white to pale pink, usually with a black throat.
2" \$2.00, Blooming Size \$3.50 to \$5.00
- D. JENNY LEE** (*Ainsworthii* x *tortile*). Very free-blooming. Flowers range in color from white to lilac, usually with a dark throat. Slightly twisted. Good show plants.
Blooming Size \$3.50 to \$5.00
- D. BLACK EYES** (*Schneiderianum* x *Ainsworthii*). Very free-blooming spring bloomer, producing white flowers with black center.
Blooming Size \$3.50 to \$5.00
- D. NOBILE, var. VIRGINALE.** A pure white form of *D. nobile*.
3" \$5.00
- D. MERLIN.** Produces large rose pink flowers with dark throat.
Blooming Size \$5.00 to \$7.50
- D. RONAELE** (*Merlin* x *Wardianum*). Strongly resembles *Merlin*.
Blooming Size \$5.00 to \$7.50
- D. RONAELE x MERLIN.** A very free-blooming offspring of the two above mentioned parents.
Blooming Size \$5.00 to \$7.50
- D. RONAELE x CYBELE.** A very free-blooming type. Flowers from white to pale pink with black throat. Blooming Size \$5.00 to \$7.50
- D. SUPERBUM.** The well known "honohono" orchid of the Islands. Blooming Size \$3.00
- D. SUPERBUM, ALBUM.** The white form of the above mentioned species.
Blooming Size \$3.50
- D. AGGREGATUM.** A dwarf growing species, producing clusters of golden yellow flowers during spring. Blooming Size \$3.50 to \$7.50
- D. CHRYSOTOXUM.** A strong growing species producing heavy clusters of golden yellow flowers. Blooming Size \$5.00 to \$10.00

- D. PHALAEOPSIS, var. SCHROEDERAE.** A free-growing type from northern Australia and New Guinea. Flat flowers of various shades of rose purple. Fall and winter blooming.
Blooming Size \$3.00
- D. LADY CONSTANCE** (*Orchidwood* x *D. phalaenopsis*). Probably the largest and darkest flower of the *Dendrobium phalaenopsis* type. Flowers of a beautiful wine red, 3" across.
Blooming Size \$7.50 to \$20.00
- D. PHALAEOPSIS, var. MAUNAKEA.** The so-called white "Cook Town" orchid. Very rare in its native Queensland and protected by law against exportation. A well shaped flat flower, pure white with faint pink tinge in the throat.
Blooming Size \$5.00
Pure White Throat \$10.00
- D. NAMAHANA** (*Orchidwood* x *Bali*). Well shaped flowers, rose purple, ranging in size and shape between the parents.
3" \$3.00, Blooming Size \$5.00
- D. HELEN BROMLEY** (*Taurus* x *Tokai*). Nicely twisted horns, ranges from pale green to greenish bronze. Good grower, excellent cut flower.
3" \$3.00, Blooming Size \$5.00 to \$15.00
- D. MILDRED KAZUMURA** (*Hawaii* x *stratiotes*). Ranging in color from pale green to rose, with the veining and twisted horns of *D. stratiotes*.
Blooming Size \$5.00 to \$10.00
- D. STRATIOTES.** A very lovely, strong growing species from Indonesia. Typical of the antelope type: upright spiral-shaped horns of pale green, the lip and throat veined in crimson over a cream-colored background.
3" \$3.00, Blooming Size \$7.50 to \$10.00
- D. HELENE GIBSON** (*Queensland* x *undulatum*). Color range from bronze to rose, good sprays of twisted flowers.
Blooming Size \$7.50 to \$10.00
- 788 D. HELENE GIBSON x JANICE TANAKA.** Predominantly greenish to bronze tones, long graceful sprays.
2" \$2.00
- 861 D. NANCY THOMAS** (*Gouldii*, *acutum* x *442nd Regiment*). Strong growing plants producing twisted flowers, blue veined over lighter background.
3" \$3.00

D. SUNDA ISLAND (*stratiotes* x *veratrifolium*).

Combines the vigor of *D. stratiotes* with the graceful sprays of *D. veratrifolium*. Background white, heavily veined with lilac, twisted upright horns.

Blooming Size \$7.50 to \$12.50

D. ALICE SPALDING x JANICE TANAKA.

Should result in a free-blooming hybrid, bearing fine sprays of greenish yellow flowers with some color in the lip.

3" \$3.00, 4" \$5.00

D. LEI DAY (*Marietta Chang* x *stratiotes*).

Flowers in a range of greenish bronze tones with the twisted horns of *D. stratiotes*.

3" \$3.00, 4" \$5.00

D. KALANI (*Alice Spalding* x *stratiotes*). Strong

growing, with flowers of good size in various shades of green and yellow twisted horns.

3" \$3.00, 4" \$5.00

D. LILY JAY (*Alice Spalding* x *Shibata*). Long

sprays, bearing a profusion of flowers ranging from chartreuse to bronze.

3" \$3.00, 4" \$5.00

D. HAWAIIAN ISLANDS (*taurinum* x *Strato-*

kai). A strong growing hybrid producing bronze-colored flowers, with a good deal of evidence of the crimson of *D. taurinum*.

3" \$3.00, 4" \$5.00

865 D. STRATIOTES x UNDULATUM. Strong

growing flowers, showing the upright twisted petals of *D. stratiotes* and the green base of *D. undulatum*.

Thumb Pots \$1.00

924 D. NEO-HAWAII x VERATRIFOLIUM.

An attempt to improve on the well-known *D. Lester McCoy*.

Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00

967 D. MAY NEAL x SHIBATA. Color range

from chartreuse to yellowish bronze, long gracefully arching sprays.

3" \$3.00

976 D. VERATRIFOLIUM x ANNIE BROM-

LEY. The resulting flower should produce long sprays like *Lester McCoy*, with the greenish tones predominating.

Thumb Pots \$1.00, 2" \$2.00

993 D. CHAMPAGNE (*undulatum* x *Mirbelia-*

num). A profusion of small, pale green flowers, nicely twisted and wavy. The name very nicely describes the flower.

Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00

CATTLEYA SEEDLINGS

- 699 LC. PRESIDENT WILSON x C. TRIUMPHANS.** Both parents are good yellows, and the heavily veined lip of *C. triumphans* should predominate. Thumb Pots \$1.00, 2" \$2.00
- 857 BC. AKEBONO x BC. HARTLAND, F.C.-C.,RHS.** Should produce a very large, well shaped flower, very dark and of good substance. Thumb Pots \$1.00, 2" \$2.00
- 873 BC. SONIA x C. BRUSSELS.** *C. Brussels* being a tetraploid, the resulting hybrid is bound to be a large, heavy-textured white with a rich crimson lip.
Thumb Pots \$1.00, 2" \$2.00
3" \$3.00, 4" \$5.00
- 905 C. MOSSIAE, WAGNERI x C. PAVLOVA.** The pure white *C. Pavlova* crossed back on to one of its parent should give a good Easter bloomer.
Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00
- 957 BRASSAVOLA DIGBYANA x C. RODO-MONT.** Since *C. Rodomont* has produced outstanding seedlings each time it was used, this new combination with *Brassavola Digbyana* should produce a large dark, very heavy-textured flower.
Thumb Pots \$1.00, 2" \$2.00, 3" \$3.00
- 958 LC. PASADENA x LC. BALKIS.** *Lc. Pasadena* is one of our best tetraploid parents. While we have no chromosome count on *Lc. Balkis*, it is one of our largest and heaviest-textured flowers. We expect some outstanding types from this combination.
Thumb Pots \$1.00

NOTE: While we have a substantial stock of blooming size cattleyas, time won't permit their enumeration. We intend to have a complete list in our next issue. In the meantime inquiries are invited.

LAELIAS

- LAELIA ANCEPS.** A selected type of this very desirable species. Flowerscapes 24" long with three to four rosy purple flowers. Usually blooms twice a year.
Blooming Size \$3.50 to \$7.50
- LAELIA ANCEPS, BARKERI.** Probably the darkest form of *L. anceps*.
Blooming Size \$7.50 to \$15.00

LAELIA ANCEPS, DAWSONII. A white form.
heavy-textured, with lilac markings in the
throat. Blooming Size \$5.00 to \$10.00

LAELIA ANCEPS, VEITCHIANA. The rarest
form of *Laelia anceps*. Large white flowers
with lilac blue margin on the lip. Flower
scapes up to 3 feet long.

Divisions \$10.00 Up

LC. INEZ (*L. anceps* x *C. gigas*). Spikes from 10
to 18 inches long, bearing several cattleya
size flowers. Blooming Size \$5.00 to \$10.00

LC. FREDERICK BOYLE (*L. anceps* x *C. Trianae*). Large flowers on two-foot long stems,
rich reddish purple, with bright golden throat.
Fall and winter blooming.

Blooming Size \$5.00 to \$15.00

LC. WRIGLEYI (*L. anceps* x *C. Bowringiana*).
Well shaped flowers, borne on foot long sprays
larger than *Bowringiana*, similar in color.

Blooming Size \$5.00 to \$7.50

LC. LORNA, A.M. VARIETY (*L. Wrigleyi* x
C. labiata). Flower larger than *Wrigleyi*, very
well shaped.

Blooming Size \$10.00 to \$20.00

L. ANCEPS x C. SUZANNE HYE, ALBA.
Rosy pink cattleya size on foot-long stems.
Makes a very nice pot plant.

Blooming Size \$5.00 to \$10.00

EPIDENDRUM STAMFORDIANUM. Seedlings
of two selected types of this winter blooming
species. The branching flowerscapes are from
12 to 18 inches long, bearing a profusion of
green, brown-spotted flowers, lilac fragrance.

Blooming Size \$5.00 to \$10.00

REED TYPE EPIDENDRUMS.

We have a wide selection of these beautiful
new Hawaiian hybrids in all colors of the
rainbow.

Flowering Size Plants \$2.00 to \$5.00

Offshoots from 25¢ to 50¢,
depending on size and variety.

ONCIDIUMS

718 ONC. FAYE (*Maureen* x *Lanceanum*). A back cross of *Maureen* onto one of its parents, resulting in larger flowers and a shortened spray. 2" \$2.00

909 ONC. LANCEANUM. Seedlings from highly selected parent stock. Flowers bronze and gold, with a rose colored lip. Larger and better shaped than collected material.
2" \$2.00, 3" \$3.00, 4" \$5.00
Blooming Size \$7.50 to \$15.00

ONC. SPLENDIDUM. A winter-blooming species, producing strong upright growing sprays, bearing 2" flowers, golden yellow with bronze bars on sepals and petals.
Blooming Size \$5.00 to \$10.00

ONC. ALTISSIMUM x SPHACELATUM. A very profusely blooming hybrid, blooming in April and May. The individual flowers are larger and of a better yellow color than either of the parents.
Blooming Size \$3.50 to \$7.50

PHALAENOPSIS SEEDLINGS

808 PHAL. WAIPIO x ATALA. Both parents of exceptionally heavy texture, fine shape and good size. 2" \$2.00

906 PHAL. SALLY LOWREY (*Puakea* x *rosea*). An improved version of *Phalaenopsis intermedia*, *Portei*, which is a rare natural hybrid. The flowers are of medium size, white, with a bright crimson lip. 3" \$3.00, 5" \$5.00

PHAL. WINGED VICTORY. A very popular large white, produced from selected parents. 2" \$2.00

PHAL. GRACE PALM (*Winged Victory* x *Doris*). A very good white hybrid, combining the vigor of *Winged Victory* with the fine shape of *Phal. Doris*. 2" \$2.00

PHAL. ROTARY ANN x CHIEFTAIN. A well shaped large white *Phalaenopsis*. 2" \$2.00

PHAL. SNOW WHITE x DORIS. A very well shaped flower coming as close to pure white as possible. 2" \$2.00

CONDITIONS OF SALE

All of our plants are raised at our own nursery unless otherwise specified. They are of strictly selected parentage and guaranteed to be as represented. All material is offered subject to prior sale.

While we make no charge for the packing of our orders, airmail or air freight charges are to be borne by the purchaser.

Claims for damaged shipments must be filed by the purchaser within 48 hours.

COLOR SLIDES

We have a good selection of 35 mm Kodachrome slides featuring all types of our material. This collection is available for use by responsible groups at no charge. If you are interested, please write us, allowing sufficient time for a reply and shipping.
